

Dr. Baker is a part of the South Bay Train4Autism Team, which raises funds to support Autism Awareness and approved Autism Charities.

Stuff about Dr. Cappie Baker:

“I’ve always been a Health Nut moving from one activity to the next trough the seasons. I’m an Orthodontist by profession. Several years ago, I had a gentle tug on my heart and began to become inspired and touched by the tremendous courage, fortitude, and strength many of my patients who are living full meaningful lives with loving families and friends who are in some way, large or small, challenged physically, mentally, or both. I began to feel a tremendous desire to pour my inner passion, strength, and love for health and fitness into helping those who have taught me so much and given me such great joy.”
